

A NEW SIDE SADDLE TREE ON THE MARKET

We are very pleased to announce an exciting development in the making of side saddles. Vale Brothers have developed a new “Side Saddle Tree” which has been very well received by both Saddlers and the Side Saddle Association. Orders have already been placed and we look forward to seeing the first saddle made with this new and innovative tree.

Vale Brothers acquired D T Saddle Tree Makers Ltd approx 5 years ago, who have been an established saddle tree manufacturer for over 30 years.
