## *\*The Equifun Revival 2017 Obstacles\**

### **111> Sword In The Stone**

Riders must come to a full stop to pull the sword out of the stone.

#### **>The Wooden Draw Bridge and Turrets**

The horse must walk over the bridge in the centre, and then through the middle of the turrets. Marks are awarded for the regularity of the walk, confidence in crossing the obstacle.

#### **> The Dragon**

The rider must slay the dragon with the sword! The obstacle consists of a wooden cut out Dragon with a hole in which to slay it. Children must place the sword through the hole and leave it. Adults must spear a ring with a diameter of approx. 10 cm from the silhouette of the Dragon. The pony must approach the dragon with confidence, if the pony refuses to go near it continue onto the next obstacle.

#### **> Slalom Of Bending Poles**

The obstacle consists of 5 bending poles. Marks awarded for negotiating the poles fluently.

#### **> The Jump**

Small Equifun themed jump to be jumped at a canter. The horse must approach the jump calmly and jump in the middle without knocking it down.

#### **> 3 Barrels**

The obstacle consists of 3 barrels arranged in a triangular shape, each 3 or 4 metres apart from each other. The horse enters at a trot between the barrels, circles the barrel on the right then proceed to the next barrel on the left, finishing with the last barrel to the right leaving the obstacle at the point of entry. The obstacle is designed to show the manoeuvrability of the horse to perform a tight circle in a tight space.

#### **> Sideways Walk Along A Pole**

A pole on the ground, the horse must approach the pole in walk from with direction, remaining perpendicular to the pole. The horses front and back feet must be either side of the pole and must not touch it.

#### **> The Walking Goblet**

Stop at Point A to pick up the goblet, your horse must stand whilst the rider picks it up, walk to Point B, halt and place the goblet on to the podium. Watch out for anything slimy inside!

#### **> The Gate**

The horse must approach the obstacle at a trot, a few paces before the gate, walk. Position the horse alongside the gate, open the gate with the right hand, without letting go of the gate, pass through and close it. The rider can rein back a few strides to close the gate.

#### **>The Bell At The End Of The L-Shaped Corridor**

The obstacle consists of pole supports, they are placed 1.20 metres apart making an L-shaped corridor. The horse approaches the corridor in walk, enters and walks to the end. The rider rings the bell and performs a rein back through the corridor until the horse's forelegs are out of the corridor.
